

One room, four places to spend time

Enlarged furnished plan 1:50 at A3, printed at 100% | Concept 07 walls and openings retained | All dimensions in metres

1 / THE LOUNGE

2.80 x 1.00 sofa stays facing the media wall.
Shorter 2.20 media unit; north chair moved.
1.35 x 1.50 hearth zone reserves the stove end.
Hearth size and appliance clearances unverified.

2 / DINING + 3 / KITCHEN

3.00 x 1.00 table; four chairs on each long side.
Island moved 0.45 toward the rear counter.
Three stools now face in from the garden side.
1.45 clear between island and rear worktop.

4 / GARDEN SITTING

1.80 x 0.85 sofa, one chair and a small table.
The central approach to the sliding door stays open.
Same floor; shading and vent controls still to place.

KITCHEN MODULE ALLOWANCES

2.80 base run: drawers, sink, dishwasher and bins.
Two 0.60 towers: ovens and fridge/freezer.
Island hob / extraction route needs coordination.

READING THE PLAN

Green dashed lines: selected 0.70 m route checks.
A and B: interior cameras; plan top is not north.
1.20 to island with chairs pulled out by 0.35.

A settled lounge at the end of the vault

View A / Eye height 1.60 m, from the dining-side approach toward the media wall | Geometry-based illustration

WHAT CHANGES

The sofa stays in arrangement A, facing the same wall.
A shorter oak media unit makes room for the stove end.
The north chair moves; the rug stops short of the hearth.

WHAT STILL NEEDS TO FIT

Stove, TV heat exposure, hearth build-up and roof penetration.
The dark flue marks a route; its assembly is not designed.
See HETAS installation guidance and the selected appliance manual.

Dining, kitchen and garden sitting belong together

View B / Eye height 1.60 m, from beside dining toward the kitchen and open garden room | Geometry-based illustration

WHAT CONNECTS THE ROOM

Ivory vault, forest-green island, warm floor and honey oak.
The longer table turns toward the court; both ends stay clear.
The garden sitting area remains open beside the shared hall.

WHAT STILL NEEDS COORDINATION

Island hob extraction, cabinet fillers and appliance openings.
Lighting is provisional; adjacent rooms are simplified.
Garden-room framing, external shading and ventilation remain open.
