

A comfortable room for films and reading

Furnished plan 1:25 at A3 | 4.58 x 2.60 m clear / 11.91 m2 | South up / north down / east left / west right

ONE COMFORTABLE SOFA

N1: 2.30 x 0.90 m; a nominal three-seat allowance.
Use supportive seats and soft, durable upholstery.
Keep the entry end open, rather than adding a chaise.
Actual arm widths determine usable seating.

SHALLOW, USEFUL STORAGE

N2: 2.70 m long and 0.30 m deep.
Books above; closed toys / games storage below.
A centred 55-inch screen is drawn as a size allowance.
Final TV dimensions and mount remain to select.

A FLEXIBLE MIDDLE

N3: movable 0.50 m upholstered footstool.
Park it by the sofa for reading; move it for floor play.
N4: a small side table keeps drinks off the floor.
No fixed coffee table or additional armchair.

WINDOW + PRIVACY

Retain the 1.50 m west-facing window and room door.
Propose a recess blind to avoid floor-level fabric.
Check handles, opening arc and blind hardware.
The guest-wing door stays beyond the snug.

CLEARANCES IN THE FURNISHED MODEL

1.35 m sofa to storage; footstool parked 0.05 m from sofa leaves a 0.80 m passage.
Dashed green: sampled 0.70 m routes to the sofa and window, with the footstool present.
All 19 whole-house routes and room-door / furniture sweep checks pass.
These checks cover furniture footprints, not occupied seating or selected window hardware.

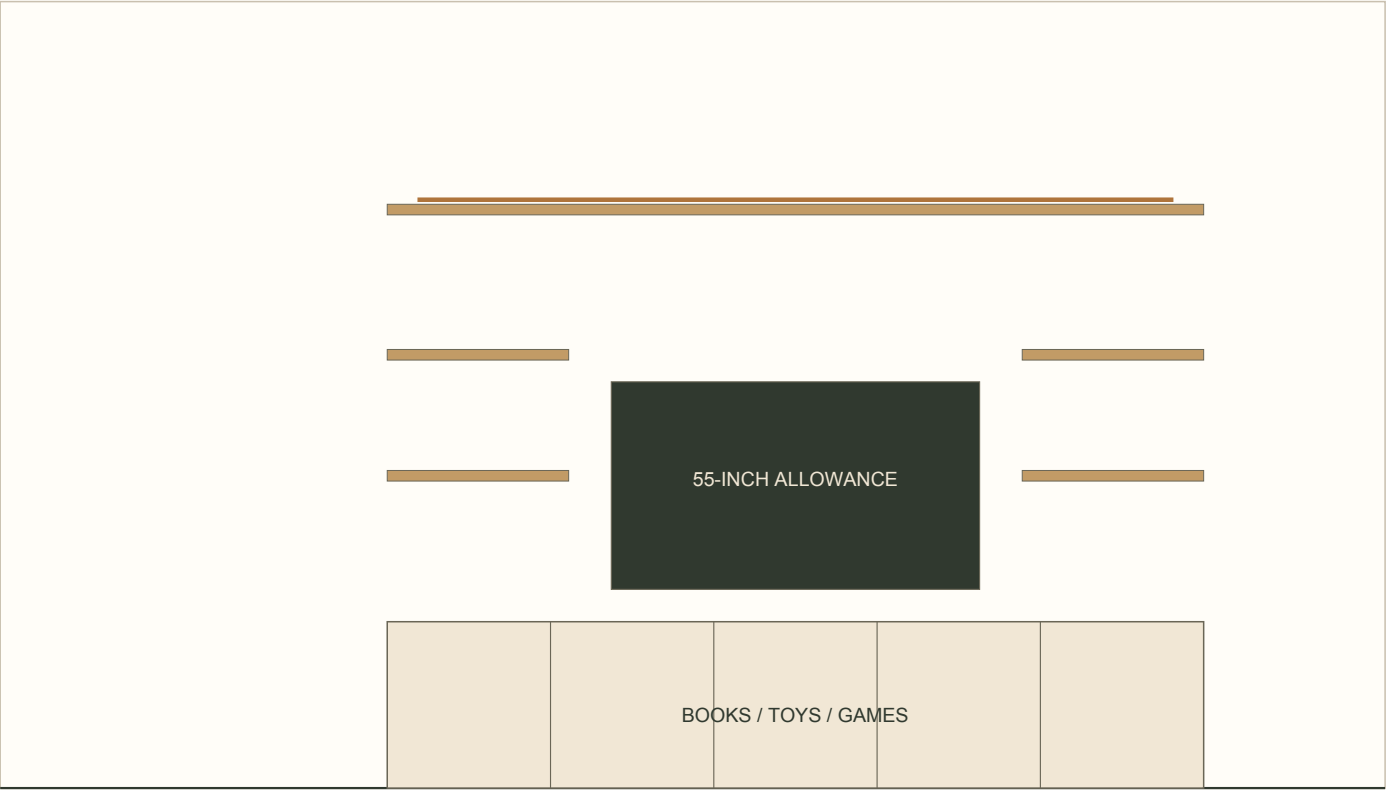

WORKING BRIEF

Confirmed: TV and films, with room to read.
The sofa and screen form the primary arrangement.
No room, door or window geometry changes.

Books, soft light and a clear centre

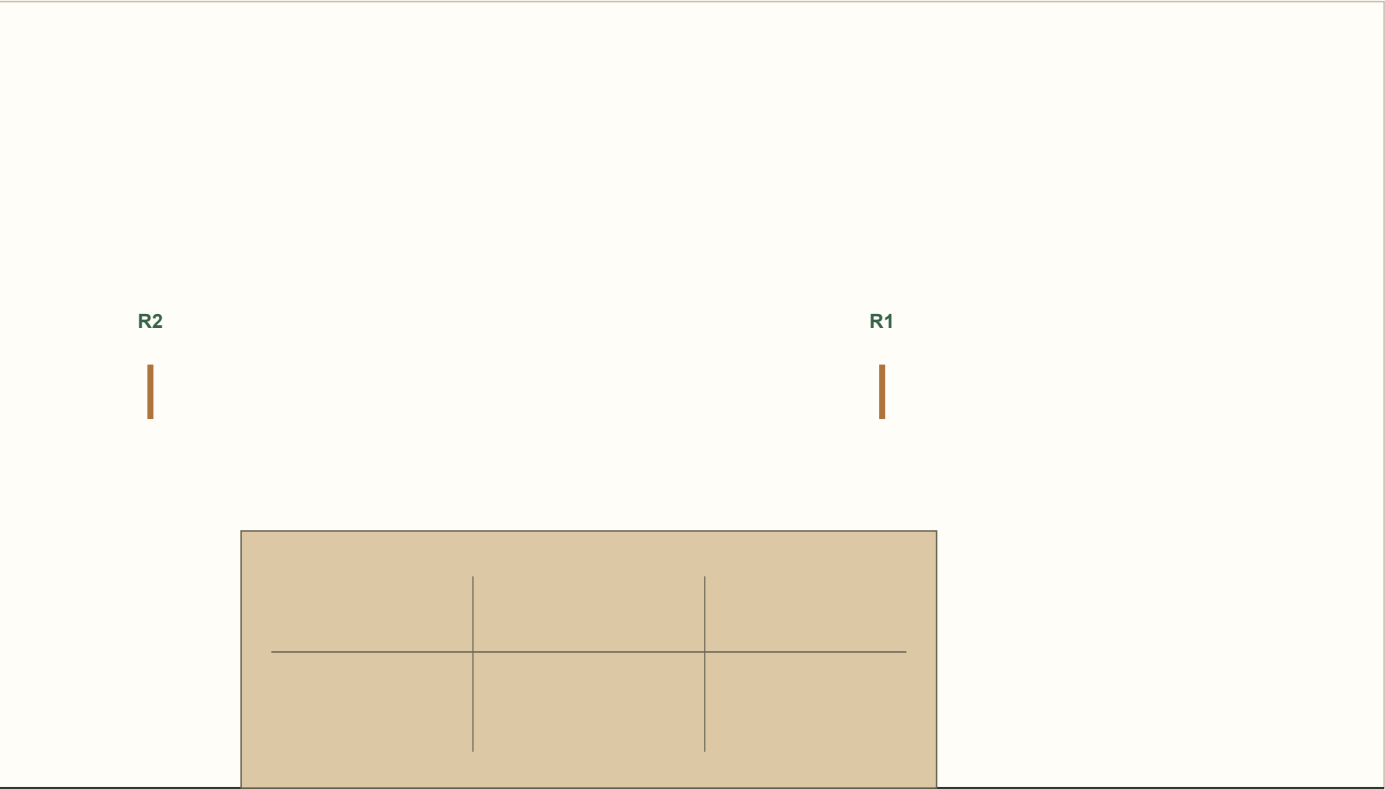

Storage wall looking south and sofa wall looking north at 1:25 | Provisional 2.60 m ceiling | Joinery dimensions are allowances

A / STORAGE WALL - LOOK SOUTH

2.70 m storage / 0.30 m depth / 0.55 m base height

B / SOFA WALL - LOOK NORTH

2.30 m sofa allowance; reading lights around 1.40 m

LIGHTING THAT BELONGS TO THIS ROOM

- Film: general / reading off; low, dimmable storage-wall glow.
- Reading: R1 / R2 locally switched, with soft ambient light retained.
- Everyday / cleaning: separate dimmable ceiling light; position to test.
- Use independent local controls by the latch side of the entry door.
- 2700 K proposal; assess output and screen reflections after selection.

MATERIALS + NEXT DECISIONS

- Warm-ivory walls, honey-oak shelves and bronze light fittings.
- An olive or moss sofa gives the snug its own identity; sample before choosing.
- Consider a fitted wool-rich carpet for a softer feel underfoot.
- TV centre approximately 1.00 m high; check against seated eye height.
- Allow cable access and equipment ventilation; choose the blind and sofa.

Viewing reference: Sony minimum-distance guidance. Final screen size and seated viewing comfort remain to test.
