

One plan for the house as it stands today

Full plan 1:100 at A3 | South up / north down / east left / west right | 13 September 2026

READ THIS AS A WORKING PLAN

Parents-suite A retained.
Children / family bath: concept 15.
Office / guests: concept 18 proposal.
Snug / utility / shared room retained.
Room codes: schedule on page 2.

KEY CURRENT DETAILS

D03 moved 0.25 m north.
D19 links kitchen and laundry.
Garden room open year-round.
Eight dining chairs, three stools.
Full 4 x 6 m gym retained.

KEPT OPEN FOR REVIEW

Plant remains in the linen store.
Gym extension is a separate option.
Office bed exit is one-sided at night.
Ten-at-one-table layout unresolved.
Site, structure and services pending.

EXTENT OF THIS DRAWING

No site boundary or carport siting.
No dimensions for construction.
Hearth outline is a reservation.
Windows / door hardware unselected.

Room schedule and what the area numbers mean

Clear room polygons from the current model | Measurements in metres | Furniture is included on page 1

CODE	ROOM	CLEAR DIMENSIONS / ENVELOPE	m2	AREA BASIS
P	Parents bedroom	4.20 x 4.00 m	16.80	319.91 m2 internal envelope (GIA).
W	Walk-in wardrobe	3.18 x 2.10 m	6.68	360.26 m2 external footprint.
E	Parents ensuite	3.18 x 1.78 m	5.66	304.92 m2 summed clear rooms.
FB	Family bathroom	3.03 x 2.68 m	8.12	GIA includes internal partitions.
ST	Linen / plant	3.03 x 1.42 m	4.30	This is a model area convention.
C3	Child 3	3.03 x 4.22 m	12.79	
C2	Child 2	3.03 x 4.22 m	12.79	
C1	Child 1	3.03 x 4.22 m	12.79	
FH	Family hall	1.20 x 8.56 m	10.27	
G	Guest bedroom	4.58 x 3.30 m + wardrobe recess	17.12	
GS	Guest storage	2.36 x 0.95 m	2.24	
GB	Guest shower	2.10 x 2.40 m	5.04	
GL	Shower lobby	2.36 x 1.33 m	3.14	
O	Office / gaming	4.58 x 3.05 m	13.97	
S	Snug	4.58 x 2.60 m	11.91	
GH	Guest hall	1.20 x 7.35 m	8.82	
PA	Pantry	2.35 x 2.60 m	6.11	
L	Laundry	L-shape; envelope 4.58 x 3.15 m	10.86	
B	Boot room	3.30 x 2.60 m	8.58	
H	Entrance hall	2.56 x 2.60 m	6.66	
WC	Visitor WC	2.23 x 1.40 m	3.12	
OR	Open garden sitting area	4.00 x 3.50 m open zone	14.00	
GY	Indoor gym	4.00 x 6.00 m	24.00	
KL	Kitchen / dining / living	Stepped plan; main depth 4.90 m	74.73	
GH2	Shared hall	1.20 x 3.69 m	4.43	

Narrow rooms use overall clear dimensions; joinery, pocket cavities and actual frames reduce usable space.

A drawing register that keeps decisions separate from proposals

Use this page when briefing an architect, services designer or joinery supplier

RETAINED / SELECTED DIRECTION

Single-storey courtyard house with continuous shared-room vault and lower wings.
Year-round open garden room; hall separation beyond the snug.
Parents-suite A; super king, two basins and shower priority over an ensuite bath.
Small double beds for the children; family bath, separate shower and two basins.
Direct kitchen-utility door; separate washer / dryer, preferably side-by-side.
Full gym; plant at the service end is the intended direction.
Active cooling and solar intent; occasional office sofa bed and child sharing.

DRAWN PROPOSALS / NOT PRODUCT OR CONSTRUCTION APPROVAL

Room furniture and joinery dimensions, guest shower and D03 relocation.
Office sofa-bed envelope, chair parking and one-sided night exit.
Lighting positions, roof shading / vent reservations and the stove hearth.
Current linen shelves around the original plant placeholder.
Finishes and hardware remain subject to samples and selection.

CURRENT DOCUMENT REGISTER

17 / Service-end comparison - two locations, same household brief.
18 / Office and guests - day / night furniture and sleeping example.
19 / Everyday-use review - temporary obstacles and passing alternatives.
20 / This plan - one consolidated daytime geometry and decision register.
21 / Building coordination - route, section and design-input study to follow.

SEPARATE OPTIONS / NOT IN THE MAIN PLAN

Concept 17 A: laundry plant; loss of folding / sorting space.
Concept 17 B: gym-block extension; +12.22 m2 footprint.
B is recommended for development, not selected.
Larger linen storage is conditional on successful relocation.
The concept 16 family-wing annexe stays declined.

REVIEW BEFORE FIXING JOINERY

Plant location, complete equipment and maintenance space.
Office sofa-bed mechanism and far-side sleeper exit.
Dining for ten together versus eight plus island seating.
Occupied bathroom and family arrival / laundry routines.
Cooling units, ducts, lighting and roof junctions together.

TECHNICAL WORK STILL NEEDED

Actual site survey, orientation, boundaries, levels and service connections.
Architectural / structural roof and envelope design.
Room heat loss, cooling loads, ventilation and hot-water demand.
Solar / battery / grid energy balance, including night-time cooling.
Budget / cost review against a coordinated scope.

This plan supersedes earlier full-plan exports for development review; the individual studies remain the detail references.
